

Ryedale Woodturners

News Bulletin 38 - 25 September 2022

Hello all

This newsletter is coming to you early, as I will be on the Isle of Skye on Sunday, and I don't think there will be any WiFi where I am staying.

Next week's bulletin may be a day late, for the same reason.

Walnut wanted

Does anyone happen to have any walnut going spare that I could buy? The lady who requested the chess piece in bulletin 36 now wants two more, to match! I need two spindle blanks 4 x 4 x 10" (at least), seasoned wood, English walnut rather than American black walnut. Not easy to find in the current climate. I can remember when I first started turning (14 years ago) I could just pop down to Snainton Woodworking Supplies and get more or less anything I wanted, including walnut. Not a chunk to be seen last week.

A few reminders of upcoming events in the remainder of this year.

Saturday 1 October 10 am – 3pm

John Whiteley sent this contribution on the theme of making small items from offcuts. I always thought he was a fun guy.
