

Ryedale Woodturners

News Bulletin 14 – 2 April 2023

Hello all

Club Meeting Thursday 6 April 2023 – The Tiny Turner

I look forward to Emma Cook joining us for a demonstration on Thursday. She will be creating a “banded bowl”, which involves turning, hand carving and various colouring techniques. She will also be bringing her “pop-up shop”, which will no doubt include stocks of the colouring products she uses.

Prepare yourself by having a look at Emma’s website, at <https://www.thetinyturner.co.uk/>, and having a look back at her previous visits to Ryedale

Club Shop

Phill Armes and Elaine Priestley will be managing a well stocked shop on the evening, for which many thanks. As mentioned previously, there will be 2 crates of turning blanks, a range of Chestnut Products (CA glue and finishes), and second hand tools (listed in [Bulletin 12](#), with some tools already sold noted in [Bulletin 13](#)). In addition to these there will be

some Record Coronet Hawk 2MT drives (steb centres by another name) which I bought from Snainton at half price, and some pyrography wire and nibs (again bought from Snainton at reduced prices). Also there will be a few free offers – some tools handles, *Woodturning* magazines and *Revolutions* magazines (6 copies of the latest edition). There was a very positive response to the idea of setting up a club shop, so hopefully it will be a success on the night. Card and cash payments will be possible.

Exhibits table

New members may not be aware that we usually have a table available for people to display anything they have made. There is no competition involved with this, and no judgements made. Exhibits are welcome from those new to woodturning and those more experienced, all in the spirit of sharing our experience. I am sure there will be no negative comments passed on pieces on show, and any constructive criticism will only be offered if requested. A note with any pieces mentioning the type of timber and any particular issues involved in the turning is always appreciated.

Snainton Woodworking Supplies

Only a few days to go before this legendary store, inspiration to so many of us, closes its doors on 6 April. They have done extremely well at clearing most of their stock, it really did feel quite ghostly walking around last Wednesday when I visited, possibly for the last time. I am sure we all wish Jackie, Lynda and Mike well at what must be a very difficult time for them. I wish I had space to house one of the VB lathes on offer, but sometimes you have to be realistic!

Gallery additions

No photos from anyone this week, so here is an unusual offering from me. My granddaughters have been making a board game about the 42 Kings and Queens of England since 1066, so for counters I made a set of 4 crowns, each just over ½” in diameter. African blackwood, chakte viga, pau rosa and box. Resting on an oak tray.
