

Ryedale Woodturners

News Bulletin 35 – 27 August 2023

Thornton le Dale Sale Sat 9th and Sun 10th September

We have a fortnight until our September sale at the Hill Institute. John Whiteley, recently returned from the wettest July in Irish West-Coast history, needs to know who is thinking of putting in items for sale, and who is able to come down and help over the two days. Please ring him or email him. Help even for a couple of hours on either day is most welcome – John will set up a rota.

Items for sale will be set up on the Friday evening, from about 4pm, and can be collected (if any are left!) on Sunday around 4pm.

If you haven't taken part in one of these sales before, but would like to have a go, you need to label all your items clearly with a sales number and a price. The club will take 20% of all sales to cover costs, so price accordingly. If you have items you wish simply to donate for sale for the Club's benefit, label them RWC and pass them on at the next meeting. If you need a sales number or a reminder of yours, [contact me](mailto:info@ryedalewoodturners.org.uk).

If you can print and display a poster advertising the event anywhere, one is attached as a pdf to this newsletter.

TOOLS FOR SALE

John Kershaw has a very good quality router for sale, at a very reasonable price. *"Hitachi router for sale, it has had little use, it's a professional tool and comes with a case and two collet chucks plus a guide fence. I would like £60 pounds for it if anyone is interested"*. Contact John directly, or contact info@ryedalewoodturners.org.uk and I will pass on his telephone number, or pass yours on to him.

SANDSEND SALE

Good luck to John Whiteley, who has another sale at Sandsend this weekend. I am sure he would welcome any friendly faces who might be in the area on Sunday.

Gallery

One from Geoff Walker. *"Ebonised sycamore bowl with spalted beech lid on oak plinth."*

And one from Martyn Weller.

"This is for my son's wedding this Saturday. The top and base are turned from segmented softwood. I didn't crochet the topper - that's my wife's work."

And a couple of items from John Kershaw: *"Here's some pictures of my latest turnings getting ready for Thornton Le Dale. I thought the candlesticks might make a good centre piece for the Christmas table. The spalted beech bowl has some particularly striking markings but looks even better than the photo."*
