

Ryedale Woodturners

News Bulletin 52 – 24 December 2023

Merry Christmas all!

Second hand tools, accessories and equipment

I went to visit former club member David Wardman on Friday. He is moving house and has decided to sell the woodturning-related contents of his workshop. I purchased most of the moveable items on behalf of the club, and most will be on sale at the January Open Evening. I also contacted someone who might buy his CL4 lathe and accessories, mentioned in last week's bulletin. I will try and produce a list for the last bulletin of this year next week. Some of the smaller items and kits I will use as raffle prizes over coming months.

In the meantime, there are 4 larger items for sale, all in very good condition.

- A [Record BS250 bandsaw](#), a bench top model with a 10" cutting width. With push stick, mitre fence and 3 spare blades. Cast iron table. (A wheeled table to stand it on is available f.o.c. on request.) £150.
- A [Record DX1000 dust extractor](#), with 3 lengths of 4" hose, a 4" to 2" adapter (adapts to fit on the bandsaw outlet) , spare bags, and a [funnel dust collector hose end](#). £75.
- A [Sorby Pro-Edge deluxe sharpener](#), with a couple of spare belts. £175

- A [Charnwood SSF16 variable speed scroll saw](#) with a selection of blades. £75

I have the first 3 items, and they could be collected from me in Thornton le Dale, or I could bring them to the meeting on 4 January. The scroll saw is still with David, and could be collected from him in Filey. Contact me by email if interested. First come first served. David also kindly donated all his woodturning blanks, many from Snainton, including some exotics. I will bring them along for sale in the shop on 4 January.

A photo from Martyn Weller:

Quick project for daughter's Christmas present. She keeps chickens so always short of egg storage space in the kitchen. Maybe it would have been better as an Easter present?

A couple from me. Two stools for two cousins.

And one from John Whiteley. A lamp made from cherry.
