

Ryedale Woodturners

News Bulletin 23 – 15 June 2025

Hello all

Helen Bailey demonstration

The rather nice scissor calipers that Helen Bailey used last week are available from Pat Carrol, but cost 90 euros (£76)! They may become available through Helen in the near future, which may bring the price down a little.

Second hand tools – Stockton on Forest

A list of chisels and other items I bought from Suzanne in Stockton is at the end of this bulletin. They will be available in the shop on 26 June, and 3 July if still available. If you want to order any in advance let me know by email – info@ryedalewoodturners.org.uk – and I will put them aside. First come first served.

As far as I know 4 of the heavy items are still available: **Nova DVR 3000 lathe**, **Metabo planer thicknesser HC260**, **Clarke Drill Press**, **Elektra Beckum bandsaw**. The Axminster dust and chip extractor has sold. Details in last week's bulletin. Let me know if interested.

Thornton Show Wednesday 6 August

The Show schedule is now available as a small booklet, and also as a pdf, attached to this bulletin. The woodworking categories are in the Handicrafts Section:

- 60. A turned Bowl.
- 61. An item of spindle work.
- 62. Any item in wood.
- 63. A decorated/textured item

The judge this year will be our very own Keith Gardam, which means we will not have to compete against him! Do have a go – only 50p to enter, which can be done in person on 4 August, or by post in advance.

Geoff has already asked for helpers to put their names forward – to help erect and dismantle the marquee, and to help man the stall on the day and possibly do some demonstrating. Let him know if you can help: drgeoffreywalker@gmail.com

Jack Mack

I don't know if anyone has seen the Jack Mack videos online? They keep popping up on my news feed. They are usually 5 – 15 minutes long, edited and sped up, using all kinds of rough looking wood, resin, ply, brass – anything he can think of that fits on his lathe. Well worth having a look. [Gallery - Jack Mack Woodturning](#). Despite searching extensively on the internet, I can find very little about Jack Mack, other than he is a production turner, lives in Paris, has 206 million views on YouTube, and earned \$1200 from YouTube last month! The shop on his website has pieces for sale at between £120 and £1800.

Here's the resin bowl that Martyn had on display at the last meeting. He says he has a pressure container for the resin, which prevents bubbles forming. He offers it for loan if anyone would like to have a go.
