

Ryedale Woodturners

News Bulletin 43 – 2 November 2025

Hello all

Club night Thursday 6 November – Richard Findley – bowl turning techniques

Richard returns via internet link to our big screen, following a successful and well received interactive remote demonstration last November.

Schedule:

- 6:45 Doors open for setting up audio, video, chairs, tables, refreshments, etc.
- 7:00 Doors open for members to sign in, converse, look at what's on sale etc.
- Shop open: lots of new timber blanks (oak, spalted beech etc) and second hand tools available, plus Chestnut Products.
- 7:25 Any announcements
- 7:30 Demonstration begins. Richard will be looking at bowl turning techniques, offering hints and tips to overcome common problems and considering shape and form.
- 8:30 Refreshment break.
- 8:45 Demonstration continues
- 9:30 Finish (approximately, by 9:45 at latest)
- 9:45 Clear up, everyone out by 10:00 pm.

The demonstration will be available on Zoom, and a recording will be on YouTube afterwards for a short period:

Meeting ID: 856 0487 5364

Passcode: 549154

A reminder that there is a £5 admission charge for normal club evenings, payable at the door, which applies to guests and club members alike. This includes refreshments and a raffle ticket. For those watching on Zoom at home, there is a £3 charge, payable preferably by BACS.

Needle case challenge

A reminder that John set a challenge to make a needle holder, incorporating a thimble and thread holding as well as needles. This is to be judged at the December meeting, so don't bring them along this week.

Second Hand Equipment

A reminder that there will be some newly added second hand stock available via the shop. Some items have already been reserved. A list is at the end of this bulletin. Additionally, some stock we have had for a couple of months will be on sale at half the marked price – look for tools marked with a red tape.

Grange Farm Timber, Rosedale

I visited Henry Brown in Rosedale last week. He has a lot of timber, and is happy to help us with turning blanks, or any other timber requirements. He has a kiln for drying, and can mill timber to precise requirements, including producing planed all round stock. He is going to sort out some short ends for me to buy for the club. He is not over-keen for lots of people coming up for a wander round and buying maybe just one blank, as he has limited staff and time, but if there is something specific you are after, or are looking for a bootload of wood, then you can get in touch with him. There is [a website with contact details](#) . It looks like a contact to nurture and one which should be productive for the club.

Gallery

A bud vase from John Whiteley, made from a piece of the cherry that has been available for some time (there is still some left!); a bowl "from on of John's iroko blanks" from Nick Webster, and a vase "from cypress firewood", again from Nick.
