- 9:30 Finish (approximately, by 9:45 at latest)
- 9:45 Clear up, everyone out **by 10:00 pm.**

For those who cannot attend in person:

Zoom meeting

<https://us06web.zoom.us/j/89957965025?pwd=Opca4mYwYPUL4zOyGe6mAYHDLXu6Ue.1>

A video should appear on You Tube (members only) after the event.

Record Dust Extractor – update

Many thanks to a number of you who suggested that the problem with my Camvac was likely to be worn down bushes – all concurred independently. In particular Keith Gardam said he had experienced similar problems, and had contacted Record Power Support, who sorted it for him. Encouraged by this I did the same, and Record were extremely helpful, sending DPD to collect the motors for them to sort the problem. I must say every time I have contacted Record Support over the years they have been very helpful. It is good to make a phone call and speak to a real person, no queue, no extended menu buttons. They haven't returned the motors as yet, but they have only had a couple of days. Updates to follow!

Thornton Dale Show Wednesday 5 August

Bob tells us that the Scouts (who we borrow the tent from) have bought a new marquee, actually two marquees. They will join together to make one that will be the same size as we have used in the past, but obviously will be much smarter.

Members should all have had contact from Geoff regarding putting the tent up and taking it down, and other jobs related to the show. It is good to hear we already have seven volunteers – more will be needed and welcome. I won't have any free wristbands this year,

but anyone helping is welcome to claim back the admission charge from club funds. Admission is £14 for adults of any age. It is only £3.50 after 4 pm.

Northallerton Show

Congratulations to Geoff who took 1st and 2nd prize in the woodturning section at this show.

Club lathes

We now have 5 Record Coronet Heralds, 1 DML, and 1 Nova DVR XP. A couple of these are available for loan if anyone is interested: members only, initially for 6 months, with an assumption that you have done some turning or had some tuition on safety and the basics. There are chisel sets to go with some of them. The main requirement is that you bring them to training events and open evenings as required, or at least arrange for them to be available. Also that you look after them.

Dan currently is housing two of the Coronets, and there is another in the store at the Village Hall. At the moment I will have to take all three of these in my car to John Lund's on 12 July, the next training day. Any help with any of these would be appreciated. Also if anyone would be willing to act as a "lathe keeper" until someone wishes to borrow a lathe, that would be very helpful.

Box Wood

A lady contacted me to ask if we would be interested in some box wood recently felled. She lives "near Beverley". I think it is available free to pick up, but this isn't clear from her email. I will check. If anyone is interested either for themselves or for the Club, [please let me know](#) and I will pass on contact details. Box is good for threaded boxes and for chess pieces. The picture suggests quite large pieces.

Gallery

Two photos from Emma Cook suggesting the kind of hollow form she hopes to make at our club night.
